Addicted

Waldeck

Any time I try to get through
Your phone is quiet and so are you
The consequence of my demand
Oh what I needWe've been together so long
The story moved on but we did not
The love we felt
That rescue sight of sentiment
Oh what I meantOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youWe've been together so long
The story moved on but we did not
The love we felt
That rescue sight of sentiment
Oh what I meantOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youOh baby come back to me
Please darling can't you seeBaby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to youOh baby come back to me
Please darling can't you see
That I'm addicted to you
That I'm addicted to you
