Nothing Out There for Me

BeyoncÃ© Knowles; Missy Elliott

There ain't nothin' out there
A Missy Elliot exclusive
I know one thing Beyonce betta' not answer this phone
Hundred ladies get in free
I ain't even got no money even shoe
We supposed to be been at the club
Beyonce, I know you ain't lettin' that broke down insecure
LL Cool J wannabe nigga keep you in the house for another friday
Just just go ahead I' must stay here with my man
Ain't nothin out there for me
My man don't like my friends
Girl your man ain't no good why he tryna keep you in?
He say they influence me
If I was an influence I'd a been said "Leave"
But boy I love him so
Girl, we late for the club why you still don't wanna roll
'Cause I got my prize right here
But see there's guys at the party
Ain't nothin' out there for me
Ain't nothin' out there for me
This is where I wanna be
I donno I've already been in the streets
And I ain't come across nothin' so sweet
He's the only man that I love
And I don't need more than one
So don't worry when I'm hangin' out
He's the only one that I'm thinkin' about
I know he's insecure everytime I leave out the door
Are you letting him spoil your night live your life you ain't even his wife?
He ain't gotta worry 'bout me 'cause I got somethin' more sweet
Oh! You must gotta diamond ring
And I know I'm so lucky ain't nothin'
Ain't nothin' out there for me
This is where I wanna be
I donno I've already been in the streets

And I ain't come across nothing so sweet
He's the only man that I love
And I don't need more than one

So don't worry when I'm hangin' out
He's the only one that I'm thinkin' about
You can love him he's my baby for sure
I assure him I love him more than ever before
And he don't owe me love like a dumb happy man
I adore him and no one had me out there like that
Nigga love him he's my baby for sure
I assure him I love him more than ever before
And he don't owe me love like a dumb happy man
I adore him and no man has come closer than him
Ain't nothin' out there for me
This is where I wanna be
I donno I've already been in the streets
And I ain't come across nothin' so sweet
He's the only man that I love
And I don't need more than one
So don't worry when I'm hangin' out
He's the only one that I'm thinkin' about
Look you goin' or what?
Go ahead I must stay here with my man, ain't nothin' out there for me
There's a lot of guys with cash and they like to spend money fast
Now is you sure about that?
I'm chillin' with my man, what part don't you understand?
Yeah, I'm sure about that
I think you should really go I heard the party is out of control
Make sure, you're sure about that?
I don't care about no club 'cause my man is all I love
Yeah, I'm sure about that
Don't let 'em blow you high, go out and have a nice time
Is you sure about that?
Girl I do not get high and with him I'm spendin' all my time
Yeah, I'm sure about that
Okay stay with your man I'll be at the club doin' my dance
