Lonely By Your Side (Unplugged)

Zoot Woman

I'm counting my lives
Feeling the strain
To get right with you
Can't be this hard to doNo saving this day
My chance slips away
These words overdue
Won't stop me from losing youAnd it's lonely, lonely, lonely by your side
And I've nowhere, nowhere left to hide
And it's lonely, lonely, lonely by your side
And I've nowhere, nowhere left to hide
No time on our side
Can't open my eyes
It hurts me to see
You long for some purityThrough all of the years
A slave to the tears
Another reason to cry
The last time for you and IAnd it's lonely, lonely, lonely by your side
And I've nowhere, nowhere left to hide
And it's lonely, lonely, lonely by your side
And I've nowhere, nowhere left to hideLonely, lonely, lonely by your side
Nowhere, nowhere left to hide
I'm counting my lives
Feeling the strain
To get right with you
Can't be this hard to doAnd it's lonely, lonely, lonely by your side
And I've nowhere, nowhere left to hide
