

# Carolina Eyes

Scotty McCreery

We were young, it was summer  
Just a little town on the edge of the water  
I've never been down there before  
I met ya, pickin' up shells on that seashore  
Your smile was pulling me under  
Then ya said your name, and it was game over[Chorus]  
Yeah girl, I fell so far in love with you  
'Cause I told my heart I had nothing to lose  
When time ain't on your side  
You're wonderin' which kiss is gonna mean goodbye  
And I opened up and threw all my love your way  
Said words to you I'd never heard me say  
I just sat there that night  
And let your Carolina eyes pull me in  
'Cause I never thought I'd see you againIf I'd only known a feeling like that  
Would hit me once and it'd never come back  
I'd of gone ahead and made you mine  
Instead of trying to move on and wasting my time  
Looking for what I already found  
A few years back in that little beach town[Chorus]  
Yeah girl, I fell so far in love with you  
'Cause I told my heart I had nothing to lose  
When time ain't on your side  
You're wonderin' which kiss is gonna mean goodbye  
And I opened up and threw all my love your way  
Said words to you I'd never heard me say  
I just sat there that night  
And let your Carolina eyes pull me in  
'Cause I never thought I'd see you againIs it luck running into you so unexpectedly  
Or is it fate that put you here in front of meDid you know I fell so far in love with you?  
Yeah, I told my heart that I had nothing to lose  
'Cause time wasn't on our side  
We were wonderin' which kiss was gonna mean goodbye  
And I opened up and threw all my love your way  
Said words to you I'd never heard me say  
Gonna sit here tonight  
And let those Carolina eyes pull me in  
'Cause I never thought I'd see you  
But it's so good to see you again
