

# Statues Without Hearts

## Larry Gatlin & Larry Gatlin & The Gatlin Brothers

Statues without hearts stones with no feeling  
Playing out a part never feeling what we say  
Statues without hearts stones with no feeling  
That's what we'll become if we let love get away You tell me it's easy to love me well it's easy for me to love  
you

But sometimes love that's easily taken is easily taken for granted too  
So I'm gonna love you and take care of you cause you're my one and only one  
I'll do everything that's in my power to see that we never become Statues without hearts stones with no feeling  
Playing out a part never feeling what we say  
Statues without hearts stones with no feeling  
That's what we'll become if we let love get away  
Statues without hearts stones with no feeling  
That's what we'll become if we let love get away
