

# Diana

## Collage

I can't forget the times we shared  
My body, my mind, my soul, won't let go  
Of the way you showed you cared  
Who could have blamed me  
How was I to know  
I'd hold you close and never let you go  
Feelings overflow and I know  
I'll find my way back to you

Chorus:

Diana, I have been wanting you so long  
This kind of love it can't be wrong  
Diana, I need you more and more  
This love will last forever  
Repeat (1x)

I spend day and night  
Just thinking of you, Just thinking of you  
And living without your love is the hardest thing  
I've ever had to do  
I can't seem to forget all the memories  
Pictures of your face keep haunting me  
I found love the way it's supposed to be  
When I held you in my arms

Chorus (2x)
