Twisted

Sugababes

My personality is quite rude
Only to the point where I?m on girly dues
It?s so hard just being me
People asking questions, maybe they can?t see
€'Cos I?ve got my life controlled
How ?bout you deal with your's?
Don?t talk what you don?t know
You?re in the back, I?m doing what I know
Me, myself, I?m twisted
You won?t know, you missed it
And it's okay if I?m a little bit crazy
Am I a little bit insane? Well, maybe
And it?s just a little something
But I?d rather be me than nothing
And it?s okay if I?m a little bit crazy
It doesn?t mean I can?t be a lady
Now I?m the kind of girl who knows her biz
Flirtatious in a way but it depends on how I feel
Still I keep it classy, stay with a guy that?s real
€'Cos if he ain?t supporting
Then he?s not the real deal, check it
I?m forever getting misunderstood
Always been a leader not a puppet, it?s good
Before the music game there was me and that?s it
I?ve never been the one to fight but I won?t take it
Me, myself, I?m twisted
You won?t know, you missed it
And it's okay if I?m a little bit crazy
Am I a little bit insane? Well, maybe
And it?s just a little something
But I?d rather be me than nothing
And it?s okay if I?m a little bit crazy
It doesn?t mean I can?t be a lady
I?m not the type to say, just get out my face
€'Cos the girl that you think you see
Sometimes needs a little space to breathe
Please, it's not okay, to invade my space
€'Cos the smile that you see on show
Underneath it all I need some time to grow

Me, myself, I?m twisted
You won?t know, you missed it
And it's okay if I?m a little bit crazy
Am I a little bit insane? Well, maybe
And it?s just a little something
But I?d rather be me than nothing
And it?s okay if I?m a little bit crazy
It doesn?t mean I can?t be a lady
Me, myself, I?m twisted
You won?t know, you missed it
And it's okay if I?m a little bit crazy
Am I a little bit insane? Well, maybe
And it?s just a little something
But I?d rather be me than nothing
And it?s okay if I?m a little bit crazy
It doesn?t mean I can?t be a lady
Me, myself, I?m twisted
You won?t know, you missed it
And it's okay if I?m a little bit crazy
Am I a little bit insane? Well, maybe
And it?s just a little something
But I?d rather be me than nothing
And it?s okay if I?m a little bit crazy
It doesn?t mean I can?t be a lady
