

...And On

Erykah Badu

Ohh my, my, my
im feelin' high
my money's gone
im all alone
to much to see, the world keeps turnin
oh what a day ,what a day

Peace and blessings' manifest
with every lesson learned
if yo knowledge were yo wealth
then it will be well earned
if we were made in His image
than call us by our names
most intellects do not believe in God
but they fear us just the same

Oh on and on and on and on
my cipher keeps movin like a rollin stone
woo on and on and on and on
all night till the break of dawn
i go on and on and on and on
my cipher keeps movin like a rollin stone
ohh on and on and on and on
got dammit imma sing my song

i was born under water
with three dollars and six dime
yeah you may laugh
cause you did not do yo math
like one, two, three
damn yall feel that
like one, two, three
the world keeps turnin
oh what a day, what a day, what a day

The man that knows something
knows that he knows nothing at all
does it seem colder in yo summer time
and hotter in ya fall
if we were made in His image

then call us by our names
most intellects do not believe in God
but they fear us just same

Oh on and on and on and on
my cipher keeps movin like a rollin stone
on and on and on and on
all night till the vultures swarm
i go on-on-on-on-on-on-on-on-on-on-on-on-on
my cipher keeps movin like a rollin stone
on and on and on and on
mad props to the god ja'born

i am feelin kinda hungry
cause my high is comin down
don't feed me yours
cause yo food does not endure
i think i need a cup o tea
the world keeps burnin'
oh what a day, what a day, what a day

you rush into destruction
cause you don't have nothin'

the mothership can't save you
so yo ass is gon' get it
if we were made in His image
Then call us by our names
most intellects do not believe in God
but they fear us just the same

oh on and on and on and on
my cipher keeps movin like a rollin stone
doh on-on-on-on-on-on-on-on-on-on-on-on-on
you can't fuck wit, so just leave it alone
oo wee on and on and on and on
my cipher keeps movin like a rollin stone
Oh on and on and on and on
and on on
