

# Electrical Soul Wish

## My Life With the Thrill Kill Kult

I saw Miss Hate assisting a suicide  
In fate colored glasses  
She thirsts for beauty, her teeth to the wind  
I ran for my life, Lilith my sweetCome and take me electrical soul wish  
Hold me in your arms  
A place beyond shame is where we belong  
Electrical soul wish, electrical soul wishYou expect nothing from me, Mecca for all  
Saying Mecca for all  
Slay it with flowers of cruel destiny  
Yearning for the last temptationElectrical soul wish, electrical soul wishCome and take me electrical soul wish  
Hold me in your arms  
A place beyond shame is where we belong  
Electrical soul wish, electrical soul wishTake me in your arms  
Electrical soul wish, electrical soul wish  
Take me in your arms  
Electrical soul wish, electrical soul wishElectrical soul wish, electrical soul wish  
Electrical soul wishI saw Miss Hate assisting a suicide  
In fate colored glasses  
She thirsts for beauty, her teeth to the wind  
I ran for my life, Lilith my sweetCome and take me electrical soul wish  
Hold me in your arms  
A place beyond shame is where we belong  
Electrical soul wish, electrical soul wishSaying Mecca for all  
Saying Mecca for all  
Take me in your arms  
Electrical soul wish, electrical soul wishLilith my sweet come and take me  
Electrical soul wish, electrical soul wish
