

# You Shouldn't Do That

## Hawkwind

You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that You try so hard to get somewhere  
They put you down and cut your hair  
They're saying you're no good, they just don't care  
You're trying to fly You get nowhere, you get nowhere  
You get nowhere, you get no air  
You get no air, you get no air  
You're getting aware, you're getting aware  
You're getting aware, you get nowhere  
You get no air, you're getting aware You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that  
You shouldn't do that, should do that You want so hard to get somewhere  
With trees and flowers growing there  
If you can't make it you're going spare  
You're trying to fly, you get nowhere  
You get nowhere, you get nowhere You get no air, you get no air  
You get no air, you're getting aware  
You're getting aware, you're getting aware  
You get nowhere, you get no air  
You're getting aware
