

# I Wanna Be Happy

[AJ McLean](#)

[spoken]: happiness is what you make of it  
see people come and go  
---my mother told me she said don't let life control me  
but i did  
so wacha think of me  
wacha think of me now  
who i am i'm everything you wanted me to be  
but you can see i'm not very happy
