

In & Out of Love (Radio Edit)

IMx

Yeah, I'm so tired of seeing you like this
All stressed out, don't know what to do
I know, I'm everything that you want and you need So why you staying with him
When you need to be with me
Ya know, well hey listen up What did he do? What did he say?
To make you feel this way, no way, no how
He didn't love you in the first place
(He didn't love you, no, no, no) He must have been foolish
To let a love like yours slip away
So wonderful and so beautiful
He would never know, oh no, oh no What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you
Girl, don't you know Come on and let me take your hand
Let me take you far away from him
You say your tired of him so try my love
You say you want a real man, well, I'm the one He broke your heart, say bye
Girl, you need to be with me
'Cause I'm all you'll ever need What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you
Girl, don't you know Don't you know you need a man?
Someone who cares and understands
Girl you don't need that other man
'Cause I'm everything you'll ever need Girl, don't you know he puts you down
So tell him that you want me now
He broke your heart, say goodbye What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you

Girl, don't you know
