

# Into the Woods (feat. Kat Padlan)

## Amarante

Peace of mind, I can't ever seem to  
Find it, I can't ever seem to  
Get out of my head now  
Get out of my head now

Silence, I can't ever seem to  
Find it, I can't ever seem to  
Get out of my head now  
Get out of my head now

Get out of my head now  
Get out of my head now

I wanna break through these  
These noisy city streets  
I wanna run away  
Into the woods and disappear

I wanna break through these  
These tired city walls  
I wanna disappear  
Into the hills and run away

Hold your breath  
Run as fast as you can  
'Cause you're falling down, falling down, falling down

And close your eyes  
And don't make a sound  
This mind is dangerous, dangerous, dangerous

And I just wanna run  
I just wanna go  
I just wanna forget  
So get out, get out  
Get out of my head

I wanna break through these  
These noisy city streets  
I wanna run away

Into the woods and dissappear

I wanna break through these  
These tired city walls  
I wanna disappear  
Into the hills and run away

(I wanna disappear)  
(I wanna disappear)  
Just get out of my head  
Just get out of my head

(ooh)
