Ugly Man

Rickie Lee Jones

He's an ugly man
He always was an ugly man
He grew up to be like his father
An ugly manAnd he'll tell you lies
He'll look at you and tell you lies
He grew up to be like his father
Ugly insideHey - ugly man
What's the plan?
If people knew
What would they do
To the ugly man?
Having fun?
But will we be here
When you're done
With me....?Revolution
Now it's finally going to come
Everywhere that you're not looking
Revolution
