

# Run Away

## Bubba Sparxxx

I wanna runaway, (I wanna runaway) with you (I wanna runaway)

I wanna runaway... 'cause baby you're my everything

I don't need this

All I need is us

Cmon girl, lets put it in the wind

I care none, bout no one

If they loved us they shoulda did it when

They had a chance

But now the dance is over

And for sure it's highway time

Let the top down

Cant stop now

Explain the past baby I ain't tryin

I ain't lyin

When sayin we came of age

Ya know things dun change

Time to spread our wings

Fly to better things

Pack your suitcase today's the day

Don't tell yo mama, don't tell yo sister

It will only complicate the issue

We'll mail them a box of tissues

The only one that loves you is right here with you

Girl don't ever look back

Our destiny awaits us

In what ever place we park the brakes

I work my hands to the ball

If that's what it takes ta

Give us everything

Our folks never had

Im prepared for that

It may take a while

But ima make you smile

Forever

I said a prayer for that

And...I know he's listenin

At least to this one

If he never heard none of the others

This is me and you

And ima see it through  
From this highway to under the covers  
Baby  
(ohhh ohhh ohhh ohhh oooooo)  
I wanna runaway, (I wanna runaway) with you (I wanna runaway)  
I wanna runaway with you... 'cause baby you're my everything  
I wanna runaway, (I wanna runaway) with you (I wanna runaway)  
I wanna runaway... 'cause baby you're my everything

We got off the exit at Waco  
Frankie J was on the radio  
I asked her was she afraid to go  
All the way with this  
She delayed a no  
I said baby I jus need to know  
If you ain't down  
We can turn around  
Your happiness is my happiness  
And that's the only thing that's concernin me now  
Just hurt me now  
She said would you please jus let me talk for once  
then all at once she went into how  
She'd been tryin to prevent this all for months  
Not all because she didn't love me  
And only me  
It's jus that she  
Had withheld one vital piece of info  
She looked up at me  
Wit both eyes full of tears  
She said you remember that day at the clinic?  
I went in wit the doctor and I told you I did it  
I wasn't able to go through wit it  
No you didn't  
How could you  
Wait minute that makes you what?  
Three months and some change  
Well baby doll that jus ain't enough  
To derail us  
'cause see that jus means there's three of us  
Answer me this, at what point do you think this topic should be discussed  
I don't know whether to cry or smile  
But somehow im doin both  
But his changes nothin  
I got two babies and I solemnly swear to be true to both  
Baby

(ohhh ohhh ohhh ohhh oooooo)

I wanna runaway, (I wanna runaway) with you (I wanna runaway)

I wanna runaway with you... 'cause baby you're my everything

I wanna runaway, (I wanna runaway) with you (I wanna runaway)

I wanna runaway... 'cause baby you're my everything

I wanna run, wanna runaway, there's nothing they can do er say to make us stay

I wanna run, wanna runaway, there's nothing they can do there's nothin they can say

I wanna run, wanna runaway..ahhhh oooh ohhh

I wanna run, wanna runaway I want to runaway

Baby

I wanna runaway, (I wanna runaway) with you (I wanna runaway)

I wanna runaway with you... 'cause baby you're my everything
