

In God's Eyes (Live At the House of Blues)

Saving Abel

Heaven knows, the devil's told
Everything on you is getting out of control
I see your fist raised up and clinched
I know you better than this Don't hold your breath
Just get as far away as you can possibly get
I know you better than you
I'm takin' my time cause I got nothing to do Wait a minute something's wrong
I know it won't take long
Let's burn a hole into the sky
And take a look into God's eyes I know it don't seem right
But it won't take all night
I'm not tryin' to save the planet
I just don't like this noose I'm hangin' from Red faced, short breathed
Yeah I'm takin' it all until there's nothing left
For you to prove
Yeah I'm takin' my time cause I got nothing to do Wait a minute something's wrong
I know it won't take long
Let's burn a hole into the sky
And take a look into God's eyes I know it don't seem right
But it won't take all night
I'm not tryin' to save the planet
I just don't like this noose I'm hangin' from Why don't you make up your mind
Why don't you make up your mind
Why don't you make up your mind Why don't you make up your mind
Why don't you make up your mind
Why don't you make up your mind Wait a minute something's wrong
I know it won't take long
Let's burn a hole into the sky
And take a look into God's eyes I know it don't seem right
But it won't take all night
I'm not tryin' to save the planet
I just don't like this noose I'm hangin' from
