

# Dominator

U.D.O.

I am the dominator leader of the pack  
Two tons of steel that's hanging from my sack  
I take the cake and then I take it back and attack  
Yeah because you lack, Jack  
I am the dominator moving right along  
Don't really give a fuck about the right or wrong  
You only copy right, I write the song  
It's a world full of jealousy and hate

That's why some die and all the others turn out late  
But I eviscerate those who hesitate  
Second rate they masturbate while I run the master race  
I am the dominator got to be the best  
I've got an "S" tattooed upon my chest  
You can not touch me I'm Elliot Ness  
Oh yes you must confess this  
I am the dominator
