Pilot (Console remix)

The Notwist

He's living next to rails.
He can tell you things of different cars and trains.
Now he's trying the whole day to switch off time
By causing train-delay.Could be enough if only he's the pilot once a day.Not a word to compensate.
Not a sentence to describe this desperate state.
Not a Picture to compare.
We step into a room of opaque air.Could be enough if only we are pilots once a day.
