

# All This and Nothing

## Sponge

All the God's people  
Look from the outside in  
You know them too well  
But do you mirror their nightmares? What more could you ask for  
For all this and nothing  
To talk deep on the inside  
And you know that you will But I'll give a mind any reason  
To fall and take the easy way, way out  
I'll never give under pressure, give my permission  
I bet you say that you will All of God's people  
And all them good people  
And all the good people They don't look like me  
Yeah, yeah, yeah, yeah Yeah, yeah, yeah, yeah I'll never mind any reason  
To fall and take the easy way out  
I'll never give under pressure, give my permission  
Well, I bet you say that you will All of God's people  
All them, God's people  
All of God They don't look like me  
They don't look like me  
No, they don't look like me  
They don't look like me They don't look like me  
No, they don't look like me  
They don't look like me All of God's people  
Look from the outside in  
You know them too well  
But do you mirror their nightmares More could you ask for  
For all this and nothing  
To talk deep on the inside  
And you know that you will, yeah  
Yeah, yeah
