

Waves (The Soundmen Remix)

Blondfire

You hear them when you try to fall asleep
They crash to the shore, they come from the deep
As sure as the sun will rise, the sun will set
You taste the salt the closer you getWaves
Picking you up
Pushing you down
They're always aroundWaves
Just like dream
Silver and green
We live in betweenThey can carry you all the way to me
They can pull you out to the deep blue sea
Oh waves, there are wavesEmpires will crumble to the sand
All that you love can slip through your hand
But you must face the ocean once again
Follow the tides, wherever you've beenWaves
Picking you up
Pushing you down
They're always aroundWaves
Just like dream
Silver and green
We live in betweenThey can carry you all the way to me
They can pull you out to the deep blue sea
Oh waves, there are wavesWaves
Picking you up
Pushing you down
They're always aroundWaves
Just like dream
Silver and green
We live in betweenThey can carry you all the way to me
They can pull you out to the deep blue sea
Oh waves, there are waves
