

Julia

Pavlov's Dog

Julia you set the standards for me
Walk to your door
Beggin' for it just to be more and Julia I couldn't do much better than you
Said so yourself
I wouldn't want anyone else And I can't live without your love
And I can't live without your love
Well I can't live without you Julia oh you're drivin' me crazy
But I'm a...I'm a part of your plans
Oh just a man while your dreams be
You're just a part of me
Oh please see how much how much you mean to me
Please see how much how much you mean to me Julia And Julia straight away you've had me
And I know I've had you
You're a part of me too And I can't live without your love
And I can't live without your love
Well I can't live without you Julia And I can't live without your love
And I can't live without your love
Well I can't live without you Julia
