Scared Like That Again

Kevin Sharp

At the Praire View Motel
They've got a swimming pool shaped like the state of Texas
And a room with a view
On our honeymoon we were learning new dancesI remember my hands were shaking
I didn't know what to do and you had to show me
And the world just seemed to stand still
In that road-side adobeTwo hearts, beating as one
Lost in the moon, found by the sun
Too soon to know for sure but too late to runI wanna be scared like that again
Feel the wave of emotion come rushing in
My trembling lips, the taste of your kiss
The touch of our skinI wanna be loved like that all night
I wanna be shocked by the morning light
Let love take us back
I wanna be scared like that againLately we've been coasting, living day after day
Safe and familiar but hidden somewhere
Is that feeling we shared
When love was an adventureSo tonight let's walk to the edge
Where love is so deep, it scares us to death
You catch me when I fall, and I'll catch my breathI wanna be scared like that again
Feel the wave of emotion come rushing in
My trembling lips, the taste of your kiss
The touch of our skinI wanna be loved like that all night
I wanna be shocked by the morning light
Let love take us back
I wanna be scared like that againI wanna be scared like that again
Feel the wave of emotion come rushing in
My trembling lips, the taste of your kiss
The touch of our skinI wanna be loved like that all night
I wanna be shocked by the morning light
Let love take us back
I wanna be scared like that againI wanna be scared, let love take us back
