Dirty Angel

Voodoo Johnson

I should have known it was a long run
Shook my head and made my way home
But when I turned and laid my eyes on the Dirty Angel with the broken halo
Spirits led me to the other side, took my hand before I realized
Just one glance and I was tied to the Dirty Angel with the broken halo
It's too late, it's too much, shes infected me with her touch
I'm too high, shes too low
Dirty Angel take me home

The more I drink the more I need her
The more I think the more I feel her
Creeping inside I can't believe her
The Dirty Angel with the broken halo

Everything that I ever known is left behind now
Everything that I ever want is in her eyes now
Nobody or nothing is gonna change my mind
Cus I just can't see, I'm too high, I'm too blind
She's got a hold on me, this Angel of mine
And she talked through my defenses
I lose control of my senses
With a kiss that's so relentless

And no one want me ("No one want me" is just a guess, I can't make that part out) and I'm going home with you now
And no one ever makes me feel just like I do with you
My Dirty Angel

It's too late, it's too much, shes infected me with her touch
I'm too high, shes too low
Dirty Angel take me home
It's too late, it's too much, shes infected me with her touch
I'm too high, shes too low
Dirty Angel take me home

Take me home

One moment and my conscience takes a hold of my hand
But I'm chosen by this angel siren here in my bed
There's nothing on my mind but this (couldn't make this out, sorry)

There's nothing that I want but for this love shes giving me
Dark blanket sky that covers me while I'm in ecstasy
Fade into light and I wake up now
She's lying next to me

And no one want me
and I'm going home with you now
And no one ever makes me feel just like I do with you
My Dirty Angel

LETS GO

Take me home!
Take me home!
Take me home!

It's too late
It's too late

It's too late

Got a hold on me
Got a hold on me

My Angel
My Angel
