

Could You Be Home (Ras Remix)

Heffron Drive

I've got, my head under water
Did you steal my thunder
You steal my thunder
I've been, lost in the mazes
My heart locked in cages
Unlock the cages'Cause I'm like a road
Like a road that needs paving
Just like a storm
Like a storm needing shaping
Don't care if it brakes my bones Could you be home
Could you be safety
A place to rest my sole
'Cause I've been on my own
for too long
Don't leave it alone
Keep pushing on baby
'Cause I've been losing hope
I've been losing
I've been bruised so Could you be home, home
Could you be home
Could you be home Sleeping, sleeping on benches
Lost in the trenches
You pull me from trenches'Cause I've been alone, been alone
I've been taking
Just like a ghost
Like a ghost reawaken
Don't care if it brakes my bones Could you be home
Could you be safety
A place to rest my sole
'Cause I've been on my own
for too long
Don't leave it alone
Keep pushing on baby
'Cause I've been losing hope
I've been losing
I've been bruised so Could you be home, home
Could you be home
Could you be home Ahh, ooooo, could you be home, yaah Could you be home
Could you be safety

A place to rest my sole
'Cause I've been on my own
for too long
Don't leave it alone
Keep pushing on baby
'Cause I've been losing hope
I've been losing
I've been bruised so
Could you be home, home
Could you be home
Could you be home
