Settle Down

White Arrows

All the time we spent
So the story goes
It's like i said it happened all before
That's how it goes
It's gonna take you to the edge of town it goes down you left me alone
Figured i should go go go now before you get home
I saw the time we drew
You never said that you would settle down
And now i'm keeping myself far away from you
In a town where i'm going to
That's how it's always been
It happened before
The time passes slowly now
I laid on the floor
Maybe go for a run instead
I just sat and stared at the wall
It's better than that like when you wait wait waited to talk
