After sex she gon' wanna get married

Seen many men on Maury  
Claimin' the kid not my baby  
But taste the cake  
I gotta have a shower to the big red sofa chair  
Play truth or dare  
Jumpin' in the pool with no swim wear gear  
Kept me weird lookin' like a peacock  
Everytime we press (?) we won't stop  
Feelin' like the b block time shift  
Number one hits, she in love with the voodoo sex  
Flippin' on the mat yo  
Like olympians in Rio, oh  
Blast off like the rocket man  
Piano scream so loud, dolphins hear the signal  
Bet it all, bet it all

A fat bitch, fuck around and be your lunch  
Good problem, you can't never and you stuck with it  
Girl I see you tryna inchy inchy up with me  
Long as you operate your own motherfucking business  
I'ma make sure that you never go without, get it  
Trap phone and its still on  
Big eyes, you can't do wrong  
Good feet looking unique  
Pockets fat like Monique  
Got a trophy with the Rollie  
Now she acting like she owe me, owe me  
Yeah, you don't ever ever owe me  
Good luck like a four leaf, four leaf
