

Baby Doll

Ro Danishei

You got me
Wrapped up in a box
With a bow on top
You got me
Iced out, lipstick pout
Never let me out
You got me
Dolled up, minty fresh
Always look my best
You got me
High up on a shelf
Hidden from the rest
Don't wanna be your baby doll no more
I wanna get dirty
Wanna get messy
Wanna get to the dance floor
Play with the boys
And tear up my dress
I just wanna be a real girl
Use my lips to flirt and kiss
That's what I got a mouth for
Don't wanna be your baby doll
No more, no more
Ba-a-a-a-aby doll, do-o-o-o-oll
Ba-a-a-a-aby doll, do-o-o-o-oll
I got you
Figured out in about
One or two weeks tops
I said I gotta get the hell out
Like runnin' from the cops
Just leave the keys to my vette
I'm rollin back up to the bu
Find another lover mother fucker
What what
Ima do?
Don't wanna be your baby doll
No more, no more
I wanna get dirty
Wanna get messy
Wanna get to the dance floor
Play with the boys
And tear up my dress
I just wanna be a real girl
Use my lips to flirt and kiss
That's what I got a mouth for
Don't wanna be your baby doll

No more, no moreBa-a-a-a-aby doll, do-o-o-o-o-oll
Ba-a-a-a-aby doll, do-o-o-o-o-ollYou dress me up
You make me talk
You never thought that I would walk
I just broke out
I'm at the club
Lookin hot just like you love
You dress me up
You make me talk
You never thought that I would walk
I just broke out
I'm at the club
Lookin hot just like you love
Just like you love
Just like you loveI wanna get dirty
Wanna get messy
Wanna get to the dance floor
Play with the boys
And tear up my dress
I just wanna be a real girl
Use my lips to flirt and kiss
That's what I got a mouth for
Don't wanna be your baby doll
No more, no moreI wanna get dirty
Wanna get messy
Wanna get to the dance floor
Play with the boys
And tear up my dress
I just wanna be a real girl
Use my lips to flirt and kiss
That's what I got a mouth for
Don't wanna be your baby doll
No more, no moreI wanna get dirty
Wanna get messy
Wanna get to the dance floor
Play with the boys
And tear up my dress
I just wanna be a real girl
Use my lips to flirt and kiss
That's what I got a mouth for
Don't wanna be your baby doll
No more, no moreBa-a-a-a-aby doll, do-o-o-o-o-oll
