Madhatter

The Adicts

you say black i say white you turn left i go right
you get high i get low you live fast i stay slow
stop. wait a minute, stop! your driving me
insanity runs in the family the side of my father
please come for tea just ask for me
im the madhatter you get up i go down
you say square i say round you dont stay i dont go
if i care i you so what! wait a minute, so what
so what, so what
your driving me insanity
runs in the family
side of my father please come to tea just ask for me
im the madhatter insanity
runs in the family
runs in the family side of my father
please come to tea sit next to me im the madhatter
