Dynamite!

Stacy Lattisaw

[Chorus A]
The way you feel funky music
It's dynamite
The way you use and you groove it
It's dynamite
Don't you know that I love you madly
Like dynamite
Won'tcha keep on dancin' beside me
It's dynamite

I've got this feelin' to ask you to dance
Not even thinking to lead to romance
The lights are flashin', we're out on the floor
My heart is thumpin' like crashin' thunder

[Chorus B]
'Cause you move so sweet
When you're dancin'
Got the beat, got the heat
Like dynamite
It's dynamite...

[Repeat Chorus A]

Oh baby, baby
You've got the rhythm
You drive me crazy
With what you're doing

[Repeat Chorus B]

Oh dynamite!
Oh dynamite!

Can you dig it checkin' it out baby
Checkin' it out , can you dig it baby
(3x)

[Chorus B]
