Save Yourself

Devour the Day

I have a sickness
I kill what I love until I have no regrets
I have a black heart
I can't help but hurt you or tear you apart
I can't help but hurt you or tear you apartI am the wolf and I will feed until I'm full
I am the wolf
Save yourselfI have a disease
I cut people down just to see how they bleed
You must go, you must leave
I know you deserve someone better than meI am the wolf and I will feed until I'm full
I am the wolf
Save yourselfI am the wolf
Save yourselfLet ruuuuuuuuuuuuuuuuuuuuuuuuuuuunI am the wolf and I will feed until I'm full
I am the wolf, I am the wolf
Save yourselfI am the wolf and I will feed until I'm full
I am the wolf, I am the wolf
Save yourselfI am the wolf and I will feed until I'm full
I am the wolf, I am the wolf
Save yourselfSave yourself
