

Anything You Want

Allure

I use to think that love could never happen
To someone like me, until I saw you walking next to me
Now I'm certain that anything can happen
But I need you to help me, baby set me free
Anything you want to do, I'll be right by your side
I'll be there to give you all the love you need
Morning, noon, and night
Anything you want to do, I'll be right by your side
I'll be there to give you all the love you need
Morning, noon, and night
Honey you know, I've been thinking
About some things we could do, how 'bout it, just me and you
Tell me what you've been doing, I think we can get into it
Anything you want to do, baby it's up to you
I know it's alright, I know
The feeling is right
I know this feeling so right
I know it's okay, I'll show you the way
Anything that you wanna do
Anything you want to do, I'll be right by your side
I'll be there to give you all the love you need
Morning, noon, and night
Anything you want to do, I'll be right by your side
I'll be there to give you all the love you need
Morning, noon, and night
Anything you want to do, I'll be right by your side
I'll be there to give you all the love you need
Morning, noon, and night
