

Hate Crime

Festus, MO

Another thing that I would compromise,
Another thing that I would compromise to say,

At first,

Don't wanna sympathize

Don't wanna sympathize

With the darkness

With the darkness.

Don't wanna sympathize

Don't wanna sympathize

With the darkness

With the darkness.

Who signed the consent forms?

Who signed? Who signed?

Who signed the consent forms?

Who signed? Who signed?

It isn't something I would put you through,

To be afraid and left for black and blue.

At first,

It's hard to recognize

It's hard to recognize

From my apartment

From my apartment.

I couldn't sympathize

I wouldn't sympathize

With the darkness

With the darkness.

Who signed the consent forms?

Who signed? Who signed?

Who signed the consent forms?

Who signed? Who signed?

Who would, who would,

Who would be so harmful to you?
