

Carrying Your Love With Me

[George Strait](#)

Baby all I got's this beat up leather bag
And everything I own don't fill up half
But don't you worry 'bout the way I pack
All I care about is gettin' back, real soon
A goodbye kiss is all I need from you 'Cause I'm carrying your love with me
West Virginia down to Tennessee
I'll be movin' with the good Lord's speed
Carrying your love with me It's my strength for holding on
Every minute that I have to be gone
I'll have everything I'll ever need
I'm carrying your love with me On a lonely highway stuck out in the rain
Darlin' all I have to do, is speak your name
The clouds roll back and the waters part
The sun starts shinin' in my heart for you
You're right there in everything I do 'Cause I'm carrying your love with me
West Virginia down to Tennessee
I'll be movin' with the good Lord's speed
Carrying your love with me It's my strength for holding on
Every minute that I have to be gone
I'll have everything I'll ever need
I'm carrying your love with me I'm carrying your love with me
West Virginia down to Tennessee
I'll be movin' with the good Lord's speed
Carrying your love with me
