Reruns - Daisy Duke

Soulwax

Hell, spookin' all over me
But the sight of you just
Breaks my heart in three
Ways of tellin' you
First you scrath the surface
Then you pull the plug!
If you get low it takes you by the hand
Daisy Duke
Don't you know
Soon it will start again
Daisy Duke
Like a dreamy resonance
The same chase oasis
Quick in a slow way
Can't you see
That I know: you won't come around
To take me away from here
If you get low
It takes you by the hand
Daisy Duke
Don't you know soon it will start again
Daisy Duke
