

# Sweet Love

Lemar

Oh oh, baby I know that sometimes it seems  
It's only studios and parties  
But baby I appreciate  
The way you stand by me And I know sometimes you hear  
Strange stories  
But please remember girl  
You've got a 100 percent of me I just wanna say  
Thank you for coming my way  
You've been such a blessing to me  
I just can't believe Put you through a lot  
You've given me all you got  
There through thick and thin  
Baby, all I need is your Sweet love  
Been around the world but girl I need your  
Sweet love  
I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love I know that sometimes you feel  
My work comes before you  
But this is for both of us, baby  
I'd never ignore you And I know sometimes you say  
You are so lonely  
I promise it won't be long  
Before you can hold me I just wanna say  
Thank you for coming my way  
You've been such a blessing to me  
I just can't believe I've put you through a lot  
You've given me all you got  
There through thick and thin  
Baby, all I need is your Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love Sweet love  
Said, I've been around the world but girl I need your  
Sweet love

And I've seen a thousand girls but all I want is your  
Sweet love  
I know I won't survive without your  
Sweet love, sweet love, sweet love I'm so thankful for your love  
I will never get enough  
Baby, all I need is your Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
And I know I won't survive without your  
Sweet love, sweet love, sweet love Sweet love  
Said, I've been around the world but girl I need your  
Sweet love  
And I've seen a thousand girls but all I want is your  
Sweet love  
And I know I won't survive without your  
Sweet love, sweet love, sweet love Sweet love, I love you, I love you  
Sweet love, you're all I need, you're all I need
