

You're the One For Me

[Delta Rae](#)

We've been walking down this open road for way too long
And I don't wanna lead you on, I don't wanna lead you on
The traffic stops, the doors are locked and no one's near
Never has it been so clear, never has it been so clear That I could love you so I don't know why
I'm holding back now when everything's right
Take my hand, darling, look in my eyes
Don't wanna close... baby There's nothing open
The stars are shining, love
We walk in circles
And I don't wanna go, I think you should know
You're the one for me
Can't stop watching you
Little things you do that make me weak
Stop me when I try to speak
And prove that I've got so damn lucky Cause I've been waiting for some sort of sign
All these days it's been there in your eyes
And I don't wanna f*ck it up the first time
I'll let you know, know, baby There's nothing open
The stars are shining, love
We walk in circles
And I don't wanna go, I think you should know
You're the one for me And you know it
And I know it
It's a beautiful thing
Let's just stay in this moment
Let's just stay in this moment
There's nothing open
The stars are shining, love
We walk in circles
And I don't wanna go, I think you should know
You're the one for me There's nothing open
The stars are shining, love
We walk in circles
And I don't wanna go, I think you should know
I don't wanna go, I think you should know
I don't wanna go, I think you should know
You're the one for me, yeah yeah
I don't wanna go
