Baby You're Back

Crystal Shawanda

Last time I laid eyes on you I was burnin' your photograph
That's the drastic kinda things you do
When you're livin' through the aftermath of a love gone badI changed the locks upon the rock that I waited so long to wear
In a desperate search to finally purge myself of the love we shared
And just when I'm gettin' there here you come like a train out of nowhereYou've gotta a lot a nerve showin' your face round here
Told you to stay, stay away but you won't, but you don't
Just like a voodoo shadow slippin' in between the cracks
I thought I'd chained your memory to a railroad track
Look over my shoulder, turn around baby, you're backA big mistake was all you were, like a stain from a bad tattoo
Shed my skin, start again but you keep on bleedin' through
That's what you do, there ain't no gettin' rid of youYou've gotta a lot a nerve showin' you're face round here
Told you to stay, stay away but you won't, but you don't
Just like a voodoo shadow slippin' in between the cracks
I thought I'd chained your memory to a railroad track
Look over my shoulder, turn around baby, you're backJust like a voodoo shadow slippin' in between the cracks
I thought I'd chained you're memory to a railroad track
Thought the wheels would roll it flat
Look over my shoulder, turn around baby, you're backHey yeah, baby, you're back
Look over my shoulder, turn around baby, you're back
Baby, you're back
Turn around baby, you're back
Hey yeah baby, you're back
Yeah baby
