

No One Like You

[Sarah Brightman](#)

And we too
Will it not be soft, kind
That rest from life
From patience, from pain That rest from bliss
We know not when we find
How can I have enough
Of life and love? In your eyes are my secrets
That I've never shown you
In my heart I feel
I've always known you In your arms there's a comfort
That I never knew
You're what I've been waiting for
There's no one like you Sure as the sunrise
Pure as a prayer
You fashioned hope
Right out of thin air Every dream I abandoned
Seems it could come true
I believe in miracles
There's no one like you Innocent as a newborn
In a world so frightening
It's as if my world
Been struck by lightning Every dream I abandoned
Seems it could come true
I believe in miracles
There's no one like you
