

Best Of Me

Huey Lewis & The News

I've been trying to forget you girl since you put me down
I hear you're working on the same thing too, all over this town
But we end up right back in the middle of a love that's tried and true
Baby if we try, try just a little, you will see how true I want to be to you
You know you always get the best of me
And I'm as helpless as a man can be
Try me baby you will see, forget about the rest
You'll always get the best of me
And I've tried every trick I know, I drank myself dumb and blind
I've tried to Mary Lou you, Peggy Sue you, right out of my mind
As hard as I've tried I just never get it, 'cause the feeling's much too strong
Baby give my heart but though I can't let it slip away
I've got to get you back where you belong
You know you always get the best of me
And I'm as helpless as a man can be
Try me baby you will see, forget about the rest
You'll always get the best of me
Hear me baby and we can see that
You know I love you and I know you feel the same way
Come on back girl and you can be sure
I've got lovin' that'll make you know
You know you always get the best of me
I'm as helpless as a man can be
Try me baby you will see, forget about the rest
You'll always get the best of me
Come on back girl and you can see that
I've got lovin' that'll make you know
Come on back, whoa, try me baby, you will see
Forget about the rest, you'll always get the best of me
