

Anything

Carl Thomas

Oh, yeah

Oh, oh, oh yeah

Oh, yeah yeah Anything I am anything

I'm the one that you're perceiving in your heart Anything I am anything

If you think of me I'll be right where you are Anything I am anything

I'm the distance love can go that you don't do Anything I am anything

If you reach for me then I'll reach right for you Anything I am anything

I'm the darkness in the ocean, the sea blue Anything Anything
