

# Beyond The Time

## Alogia

Where words lose their power,  
Dissappear - There music starts.  
The whole new form it gives me,  
Calls me up - Above reality...I'm opening strange new worlds  
Carried by the hands of destiny,  
Which take me up beyond the time...Where awareness and dreams become the same  
Beyond the start and the end!Messages, signs and the magic  
In the air - The vision starts.  
The notes are playing  
Games of fantasy - Maze of a genius.
