Kleptomaniac

Joe Jonas

Oh that girl can kill you with a smile
She'll see you coming from a mile
So don't leave nothing in your pockets.
Oh Her kiss is like a rope and chain
She'll put poison in your brain
And nothin' you can do to stop it
I want you to know
I'm telling you she's cold to her soul
Everything ain't glitter and gold,
even though it's blinding.
She's a kleptomaniac, she'll steal your heart and soul
Such a maniac, your under her control.
Kleptomaniac.
Give your all, and she wants more and more and more
Maniac x6
Oh where she'll make up purple sky
and they come down here in disguise
she has a drug you should be trying.
Oh her kiss is like a rope and chain
She'll put that poison in your brain
and nothin' you can do to stop it

I want you to know
I'm telling you she's cold to her soul.
and Everything ain't glitter and gold, no
Even though it's blinding.
She's a kleptomaniac, she'll steal your heart
Such a maniac, your under her control
Kleptomaniac.
Give your all, and she wants more and more and more
oh,oh,oh
Maniac x6
I want you to know
I'm telling you she's cold to her soul
and Everything ain't glitter and gold, no
Even though it's blinding.
oh,oh,oh
She's a kleptomaniac, she steal your heart and soul
Such a maniac, your under her control

Kleptomaniac
Give your all, and she wants more and more and more
oh,oh,oh
Kleptomaniac
