King Chango

This is a full time business
This is a full time business
This is a full time business
This is a full time businessBack up the van and jump on the stage
The fans get open 'cuz it's time to play
The lights are bright all I see is the first row
Without the mic check, we still rip the showMe a go fight Babylon
Lyrics in a me gun
Hypocrites in a me yard
Me a go shoot dem downThis is a full time business

Take a pause look at the people and start trippin'
As you can visualize I act my shoe size at times
Or so they say I'm losin' my mindI'm workin' full time
I don't need you to criticize me tonight
