

If We'd Never Met

Gabe Bondoc

If we'd never met, I'd probably be
wandering aimlessly if we'd never met,
this life, no I just wouldn't get what I wanted out of it
if we'd never. If we'd never met, my hopes and my dreams,
they'd all be just beyond my reach if we'd never met
Oh it would be so hard to believe how easy love could be If we'd never met, I hope you feel the same way I do
but even if you don't I can't say I blame you
cause I'm the crazy one, you're the amazing one
and you're the only one I've ever given my heart to
so if we'd never.
If we'd never met, my heart would go bad
expiring without your [?] oh we'd never met
my love would sit high on the shelf just singing to himself If we'd never met, I hope you feel the same way I do
but even if you don't I can't say I blame you
cause I'm the crazy one, you're the amazing one
and you're the only one I've ever given my heart to
so if we'd never met, if we had never met
life would be colorless
I doubt that I could ever love another, no one but you
I'm glad we met, aren't you? If we'd had never met, life would be colorless
I doubt that I could ever love another, no one but you
I'm glad we met, aren't you?
If we'd never met, I'd probably be
wandering aimlessly if we'd never met
my love, it'd sit high on the shelf
just singing to myself
