

From the Flagstones

Cocteau Twins

At times I've seen you from the armyard
At times I've seen you from the flagstones At times I've seen you from the balustrade
At times I've seen you from the flagstones
And you can't cajole [x3]
And can't cajole At times I've seen you from the aureole
At times I've seen you from the flagstones
(Like another goalstone)
(You may cajole)
And you may cajole [x3]
(You may cajole)
And you may cajole [x3]
(You may cajole)
And you may cajole [x3]
And make a joke At times I've seen you from the balustrade
At times I've seen you from the flagstones
At times I've seen you from the balustrade
