Montage

DVDA

The hours approaching, to give it your best
You've got to reach your prime.
Thats when you need to put yourself to the test
And show us a passage of time
Were going to need a montage (montage)
Ooh it takes a montage (montage)Sure a lot of things happing at once,
Remind everyone whats going on (whats going on)
And when every shot you show a little improvement
Just show it all or it will take to long
Thats called a montage (montage)
Ooh we want montage (montage)And anything that we want to know
From just a beginner to a pro,
You want a montage (montage)
Even rocky had a montage (montage)(Montage...montage)Anything that we want to know
From just a beginner to a pro,
You need a montage (montage)
Ooh it takes a montage (montage)Always fade out in a montage,
If you fade out
It seem like more time has passed in a montage
Montage
