7 A.M.

Deep Blue Something

Sister, sisterWe've got to talk, sit downI don't think you've heard what's going round
I don't think they should know about usSo don't tell them where we were tonightDon't tell them the bands we saw tonight
Don't tell them the drugs that made me swayCHORUS:It's 7 A.M. CassandraIt's 7 A.M. where have you been?
It's 7 A.M. where is your brother now?Don't whisper, don't whisper
Don't whisper, it'll be the death of meDon't tell them, don't tell themDon't tell them, they'll put us both awayCHORUS
