I Need You

Tevin Campbell

It's been a while since I have had a break from worryin'
Memories of you always creep up into my head
And baby if there was any such a thing as wishin'
I'd wish for you to be right next to me insteadWell, I don't blame you if you don't wanna give it another try
You probably found some other guy to dry your eyes
This situation has got me unattached within
I don't know where my life is goin'
Judgin' all the places that I've been babyI need you, you need me
Can't you see I'm goin' crazy for you baby?
I need you, you need me
Can't you see I'm goin' crazy for you baby?I don't want you to think that I've been desperate
I've just been dreamin' about your tender tender kiss
Sometimes I sit and think about how you used to work it
The love you give to me baby you know I missOh, I don't blame if you don't wanna give it another try
You probably found some other guy to dry your eyes
This situation has got me unattached within
I don't know where my life is goin'
Judgin' all the places that I've been babyI need you, you need me
Can't you see I'm goin' crazy for you baby?
I need you, you need me
Can't you see I'm goin' crazy for you baby?I need you baby
Oh, I need you baby
Oh yeahI want you, you want me
You got me goin' crazy
I want you, you want me
You got me goin' crazyI need you, you need me
Can't you see I'm goin' crazy for you baby?
I need you, you need me
Can't you see I'm goin' crazy for you?I want you, you want me
You got me goin' crazy
I want you, you want me
You got me goin' crazyI need you, you need me
Can't you see I'm goin' crazy for you baby?
I need you, you need me
Can't you see I'm goin' crazy for you baby?
