Overwhelming

Test Switch Isolator

It can come from out of nowhere
Hit you when you're safe and warm
Take it easy, my star your time is gonna come
Your time is gonna come
Yeah, you got those crazy blue eyes
You got those crazy blues
All those pretty smiles
I can see them laughing at you
Your time is gonna come, your time is gonna come
I don't wanna be your punching bag
Your complacent little princess all tragic and sad
I'm not gonna let you overwhelm me anymore
Yeah, you say you got this bad thing, you say you've got it bad
You have broken every heart of every friend you've ever had
Yeah, the time is gonna come when all your friends just go away
I wonder why you stick around, sometimes I wish you would leave
You say you love me forever, then you spit on me
Your time is gonna come
I swear your time is gonna come

I don't want to be your whipping boy
Yes, your happy little loser, someone you can ignore
I'm not gonna let you overwhelm me anymore
I'm not gonna let you hurt me anymore
I'm not gonna let you hit me anymore
No, I will not let you kick me anymore
I will not let you overwhelm me anymore
It can come from out of nowhere
I don't want to be your simple saving grace
Just another little victim with a happy face
Someday, someday soon, somebody's gonna come
I hope they do this to you
I'm not gonna let you overwhelm me
I will not let you hurt me anymore
No, I will not let you hit me anymore
I will not let you twist me anymore
No, I will not let you turn me inside out
