Raptor

John Trudell

Raptor
I am craving you
A way
My mind feels
This feeling of about you
Yearns me
The way my heart thinks
The thought of without you
Burns me
These heavy heat blues
Craving you
Some fires I know
These heavy heat blues
Raptor

Raptor
Thousand full moons pound in my heart
Craving you
Wanting to be wild with you

Raptor
Craving
Iâ€™ll give you kisses
Anytime
In the story of the moment
The color of your eyes
Sweetheart dreams
Playing with the night
We are the child of matches
We are the child of matches
Playing with the night

Craving you
Water on fire
Drenching the sun
You make the rain sizzle
Clenching my soul
In a devotion to you
Thrilling my heart

Thrilling my heart

Raptor
Pretty like a smile
Lingering like awhile
In the world
My mind grows different
Once I was on nobodyâ€™s side
Now I am wanting

Raptor
A thousand full moons
To see with you
Pound in my heart
what love will do

Craving you
Craving you
Wanting to be wild to you
Wanting to be wild to you

A thousand full moons
Pound in my heart
Wanting to be wild with you
Wild
With you
Raptor
I am
Craving
You
